

Epiphany

Jin (BTS)

Making me so guilty
I've been crying so really
You belong so tell me why you always going on
Making me so easy
I've been trying to worry
You belong so sorry tell me why you don't be afraid

I don't think about you save me
So amazing
Please, be by my side you, you're my lullaby
I don't think about you save me
So amazing
Please, be by my side you, you're my lullaby
So epiphany
So epiphany

So now we are gone and I'll be wrong
And let us take a leave (yeah)
So 'cause we alone, I'll promise not be afraid

I don't think about you save me
So amazing
Please, be by my side you, you're my lullaby
I don't think about you save me
So amazing
Please, be by my side you, you're my lullaby
So epiphany
So epiphany
So epiphany, woo yeah

Talking bout you anymore
Talking bout you anymore
Talking bout you anymore
I want you more

I don't think about you save me
So amazing
Please, be by my side you, you're my lullaby
I don't think about you save me
So amazing
Please, be by my side you, you're my lullaby
So epiphany
So epiphany
So epiphany
