Like always, but that's over now

I've got a bad reputation with love
I love too little or a little too much, but
Neo hanaman almyeon doenikka
Bamsae tteonanideon apeumeun goodbye

I've got a bad reputation with love, but
There's no way I'm messin' this up
Deo sojunghan geol neowa jugo bada
Pureun sangcheoro muldeun eojeneun goodbye

Not runnin' away
Like back in the day
So, let me begin lettin' you in, lettin' you in

I promise to stay
Won't get in the way
So, let me begin lettin' you in, lettin' you in

I've got a bad reputation with love
I love too little or a little too much, but

There's no way I'm messin' this up
