

Hypocrites & Critics

Jinjer

Ask yourself, what is wrong with you
How long have you been this laughing stock
Being told what to do, shattered into pieces?

Day comes after day
Seems you're not fully understand
That it's only up to you
If you wanna be a better man
I am who I am
And I'm gonna do the best I can
Fuck 'em all, who will disagree with that
Don't let them get in your way

Ask yourself, what is wrong with you
How long have you been this laughing stock
Being told what to do, shattered into pieces?

Have we all lost this war?
No! We're not dead
Don't you see it's the time
To stand the fuck up from your knees?
And we will see this world
From the eyes of the critics
An obscenity of hypocrites

Do you trust every single word spoken by the liars? (Liars)
Don't you know everything you've heard brought us to the crisis?

Do it or die! Stand up for your right
Time to awake and to open up your eyes
Then a new life begins with no boundaries and regrets
And I swear you won't forget

And we will win this war
We are alive
Don't you see it's the time
To stand the fuck up from your knees?
And we will see this world
From the eyes of the critics
An obscenity of hypocrites
