I'm falling down
I need you now
I'll be here waiting for you
Underneath the waterfall

I know it's stupid
But I'm still falling
Even though I know
That it'll hurt, I dive

Dreaming of my world
That will become an ocean, I'm accepting it
Across the horizon, I'm going somewhere
I'm trusting my body with you

Spilling out from the blue sky
My angel with the silver eyes
Ooh ah ooh ah
You're falling upon me
Slowly spreading in me

I'm falling down
I need you now
I'll be here waiting for you
Underneath the waterfall

I just wanna dive with you
Just need to take one step
I just wanna die for you
Let me finish it with love

Dreaming of my world
That will become an ocean, I'm accepting it
Across the horizon, I'm going somewhere
I'm trusting my body with you

Spilling out from the blue sky
My angel with the silver eyes
Ooh ah ooh ah
You're falling upon me
Slowly spreading in me

I'm falling down
I need you now
I'll be here waiting for you
Underneath the waterfall

Forgotten in some corner
Flowing away like it's nothing special
Were my tears
But you've accepted them to your world

I'm falling down down down down
I need you now now now now
I'll be here waiting for you
Underneath the waterfall

Spilling out from the blue sky
My angel with the silver eyes
Ooh ah ooh ah
You're falling upon me
Slowly spreading in me

I'm falling down
I need you now
I'll be here waiting for you
Underneath the waterfall
