□ □□□□ □□□ One day

White snow is everywhere over the window
As if my mind that I have hidden
Cover all of the world all night long

I picture with my eyes closed
On the street no one has ever stepped on
With you alone (Walk on the snow)

Hoo I put my shaking hands
In your coat pocket for a while

Someday one day every day
You come to me like a dream
And kiss me
Gently hold me in your warm arms
I'll wait for you like the white snowflakes, I love you
On the day always with you

Alone carefully
Your name I wrote by blowing my breath
I secretly call it (Tell me love me)

Hoo like that particularly bright light
I pray that our love will shine brightly too

Someday one day every day
You come to me like a dream
And kiss me
Gently hold me in your warm arms
I'll wait for you like the white snowflakes, I love you
On the day always with you

Along your footprints
When I walk with you and meet your eyes
I'll tell you I love you

Someday one day every day
I pray with two hands together
Like the dream at that time
You sneaked up on me standing alone
I'll wait for the day to tell you I love you, I love you
In this winter
I pray that I'll meet you one day
