

Chasing You

J.J. Cale

Well I've been down that road before
And I ain't going back no more
Just a replay in my mind
I'm falling way behind
Don't know why I do
Chasing you this time

Care a lot about those days
Our life was in that phase
But those times are almost gone
Gonna have to carry on
Don't know why I do
Chasing you this time

I know it's the same old story
We can't bring it back
I know it's the same old story
It's hard but it's a fact

Walking down through the past
We thought it would always last
Things have changed somehow
It's all behind us now
Don't know why I do
I'm still chasing you

If time would just stand still
And we could have the will
To bring back yesterday
There'd be nothing more to say
Don't know why I do
I'm still chasing you

I know it's the same old story
We can't bring it back
I know it's the same old story
It's hard but it's a fact

Care a lot about those days
Our life was in that phase
But those times are almost gone
Gonna have to carry on
Don't know why I do
I'm still chasing you
