

Go Downtown

J.J. Cale

Go downtown, gonna find myself a woman
Bring her home with me put her in my house
Go downtown, gonna find myself a woman
One who wants to play cat-and-mouse

Go downtown gonna walk around till I find her
I need some loving in my place
Go downtown, gonna find myself a woman
Just a small taste of silk and lace

Lay her in my bed I'm goin' to love her
Lay her down, stroke her right
Go downtown, gonna find myself a woman
Silk and lace, maybe tonight

You know I got to find myself a lover
Bring her home with me just in case
You know I got to find myself a woman
Just a small taste of silk and lace

Lay her in my bed I'm goin' to love her
Lay her down, stroke her right
Go downtown, gonna find myself a woman
Silk and lace, maybe tonight
Silk and lace, maybe tonight
