

If We Try

J.J. Cale

You might be right
Could be wrong
I ain't saying
Our love is gone
Who would know
Only you and I
It'll come again
This love of ours
If we try

I never doubt
The things you say
It's all about
The way we play
We got to live
Before we die
It'll come again
This love of ours
If we try

Maybe we're looking for new changes
Maybe we're acting out the part
Maybe we're trying to rearrange us
Maybe we're looking for a new start

Forget tomorrow
It'll never come
Dream of sorrow
When it comes undone
From bad to worse
I won't deny
It'll come again
This love of ours
If we try

Forget tomorrow
It'll never come
Dream of sorrow
When it comes undone
From bad to worse
I won't deny
It'll come again
This love of ours
If we try

It'll come again
This love of ours
If we try
