

King City

J.J. Cale

I am walking to King city
Not a friend who I know
I can see the lights now
I can feel the city glow

Hey miss fortune, is on the highway
Isn't bound to slow you down
I can see the lights now
And feel the city sound

Well I'm walking to King city
got my straight walking shoes
I'm walking to King city
got them hitchhikers blues

Walking to King city
With my straight walking shoes
I'm walking to King city
Got them hitchhiking blues.
