

# Roll On

J.J. Cale

If the sun don't shine this evening  
And the rain is falling down  
Don't grieve just 'cause it's cloudier  
C'mon down to the corner  
We're having a party there  
You can dance naked, nobody really cares

Roll on  
Just keep rolling on  
Roll on  
Just keep rolling on

Well, if your mind is heavy laden  
And your thoughts keep getting you down  
Don't you worry, honey  
We're all right here in town

Roll on  
Just keep rolling on  
Roll on  
Just keep rolling on

Roll on  
Just keep rolling on  
Roll on  
Just keep rolling on

We can play just a little bit of ragtime  
Kick up some rhythm and blues  
What you called her, told to do  
You can dance off a shoe

Roll on  
Just keep rolling on  
Roll on  
Just keep rolling on

Well, there ain't nothin' to it, ain't nothin' to it  
Ain't nothin' to it at all  
Just a little bit of rhythm and blues, and rock 'n' roll

Roll on  
Just keep rolling on  
Roll on  
Just keep rolling on

I think what we need is a drummer  
I think what we need is a view  
You can't stand still, you gotta move your feet

Roll on  
Just keep rolling on  
Roll on  
Just keep rolling on

Roll on  
Just keep rolling on

Roll on  
Just keep rolling on
