

Wish You Were Here

J.J. Cale

Wish you were here
With your diamonds
Wish you were here
With your pretty dress
Wish you were here
My heart starts crying
Wish you were here
But you're so far away

It's hard to live
This life without you
It's hard to live
Day to day
Wish you were here
No more crying
Wish you were here
But you're so far away

Wish you were here
No more crying
Wish you were here
But you're so far away
So far away
