

## Circles

**JJ Grey & Mofro**

Some say that I wronged you but I don't know how  
If I could make it right you know I would, you know I would  
So please forgive me for what some other man did too you Before  
I came along  
Cause I don't want to go on fighting and fussing over something  
I can't change at all

There's no way I can change the past or your pain  
I don't want to fight walking in circles  
I'm not the one who hurt you so deep down  
Let's start a new now walking in circles

If time heals all wounds then change comes slow - so slow  
But if I see a smile on your face the sun may yet Lord shine on  
us

There's no way I can change the past or your pain  
I don't want to fight walking in circles  
I'm not the one who hurt you so deep down  
Let's start a new now walking in circles  
I'm not the one who hurt you so deep down  
Let's start a new now walking in circles

There's no way I can change the past or your pain  
I don't want to fight walking in circles  
I'm not the one who hurt you so deep down  
Let's start a new now walking in circles
