

She Don't Know

JJ Grey & Mofro

She believes in what I tell her she believes in what I do
Many times I've spoke to hear my own voice
Somehow she still believes

Lord but she don't know how much I love her
And she don't know how much I need
If the morning finds her gone I don't know that I could carry o
n
She don't know

She believes in what I do she believes even if I don't

Lord but she don't know how much I love her
And she don't know how much I need
If the morning finds her gone I don't know that I could carry o
