Better

JJ Heller

Your smile plays like a movie in mind
Feels like you've always been here in my life
Your voice is like a song, I can't forget you
And I never want to let you go
I just want to let you know

You make me laugh a little louder
You make me dream a little bigger
My life is so much sweeter
'Cause you make me
You make me better

We hold so many memories in our hearts
So close even if we are far apart
Standing on the edge of new beginnings
I can't wait to see just what you'll do
And every time I think of you

You make me laugh a little louder
You make me dream a little bigger
My life is so much sweeter
'Cause you make me

Better than I would have been without you
Better than I've ever been before
I treasure every moment we're together
Just for now
Let me tell you how

You make me laugh a little louder
You make me dream a little bigger
My life is so much sweeter because
You make me breathe a little deeper
You make me sing a little stronger
My life is so much sweeter
'Cause you make me
You make me better
You make me better
