

# Fly Away

JJ Heller

Stars call me closer  
The earth is dragging me down  
I want to be more than hungry  
I want to live somewhere other than this old gray town

I want to fly away far beyond my cage  
Where I hear freedom singing  
You are telling me again there's no door to keep me in  
I hear freedom singing

Beauty all around me  
Drawing me to the sky  
This is life I can feel it  
Bid my lonely days goodbye

CHORUS

Fly away home, fly away home, fly away home to you,
