JJ Heller

Hey child
Where' s your smile
Did the man on the television get you down
Hey man
You should feel so fulfilled
Does American dreaming drive you still

When will you have enough
Just a little bit more
Just a little bit more
When will you be satisfied
Just a little bit more
Just a little bit more

Toiling
And spinning round and round
Vanity fair has taken this town down
Just one more thing you know you need
You need
