

Not Enough

JJ Heller

It wasn't some enchanted evening
It wasn't magic
Or lightning
It wasn't love at first sight
I didn't float up to the ceiling
When you kissed me
When you kissed me goodnight

I don't know what I was scared of
I'm afraid
I wasn't brave enough to give you my heart
It took a while for me to see it
That I was yours
You were mine from the start

I could spend my life getting to know you
Make a fool of myself trying to show you
There's so much to learn when it comes to love
A lifetime with you is not enough

What did I do to deserve you
You were patient
Faithful and kind
You were always good at waiting
Like you were made of nothing but time

I could spend my life getting to know you
Make a fool of myself trying to show you
There's so much to learn when it comes to love
A lifetime with you is not enough

I'll never have you figured out
But I love to try
I've never been more sure of anything
When I look into your eyes

I could spend my life getting to know you
Make a fool of myself trying to show you
There's so much to learn when it comes to love
A lifetime with you
A lifetime with you is not enough
