

Power In The Blood

JJ Lawhorn

Lucifer, buddy, he loved me
'Cause we hardly ever even disagree
Live like hell, ran like the wind
Said I didn't need Jesus, but I always did

Oh, there's power in His blood
Oh, there's power in His blood

Thought that devil was my best friend
'Til all them hard times started rollin' in
He stole my joy and he stole my peace
Tried to brand my soul with the mark of the beast

But there's power in His blood
Oh, there's power in His blood
Make a dead man climb up out the mud
Yeah, there's power in His blood

I was off the rails, 'bout to lose control
Man, there was a war bein' fought for my soul
I was broken, I was so ashamed
When He said call upon my name

Yeah, there's power in my blood
Oh, there's power in my blood

I cried out, I said "Jesus please
Don't let the devil get the best of me (Best of me)
I'm a sinner, lord I confess
Help me get out of all this mess"

I know there's power in Jesus blood
I need that power that's in your blood
Come on make this dead man climb up out the mud
Oh, there's power in his blood

Yeah, there's power, power in Jesus's blood
Y'all there's power, power in Jesus's blood
Make a dead man, make a blind man see
Make a deaf man hear, you better listen to me
Make a mute man talk, make a weak man strong
Yeah, He'll make everything right when it goes wrong

There's power in Jesus's blood
Man, there's power in my Jesus's blood
Make this dead man climb up out the mud
Oh, there's power in his blood
