000 don't leave me now  
Don't leave me now, no

Don't leave me no  
I don't wanna know, don't know  
I miss you

The sky is so bright but why is my heart so cold?  
If you hold out your hand just once  
Feels like the world could change  
I'll do it yeah

My heart that's not large  
Is bruised and colored my blue  
You said I'll get numb to it when time changes  
That things'll get better

When I'm alone,  
I look at our pictures  
When I open my eyes in tears  
Sadness washes over me

I'm always afraid  
How will I walk through this world without you?  
Can I overcome this blurry place alone?

I can't acknowledge that you left  
You still live in me

I know but I don't wanna, I don't wanna know  
Not yet, please don't leave me  
Please don't leave me no

I wanna erase my blue  
It's colored too deep, my blue  
I know but I don't wanna, I don't wanna know  
Not yet, please don't leave me  
Don't leave me now, no

Please don't leave me, no

The frozen times become memories  
Memories go round and round  
And become lingering feelings  
I was too impatient in the past, stupid  
I was so blind in the past, stupid

I'm always afraid  
How will I walk through this world without you?  
Can I overcome this blurry place alone?

I can't acknowledge that you left  
You still live in me  
I know but I don't wanna, I don't wanna know  
Not yet, please don't leave me  
Please don't leave me no

I wanna erase my blue  
It's colored too deep, my blue  
I know but I don't wanna, I don't wanna know  
Not yet, please don't leave me  
Don't leave me now, no

When I'm only filled with light  
We will meet again  
As much as I want it so badly

When I'm filled with assurance  
I'll believe that you'll find me  
I believe you, don't leave me, no

I can't acknowledge that you left  
You still live in me  
I know but I don't wanna, I don't wanna know  
Not yet, please don't leave me  
Please don't leave me no

I wanna erase my blue  
It's colored too deep, my blue  
I know but I don't wanna, I don't wanna know  
Not yet, please don't leave me  
Don't leave me now, no
