Fade away

No way, no way, no way

□ □ □ □ □ □ □ □ □ □

Fade away

No way, no way, no way

Suddenly, your eyes turned so cold

I don't even know how many times we fought today

Wait a minute

It's meaningless now, there's no truth now

So I put my head down

What is love

Why do you always cover my mouth and call it love?

It's messed up, you make me lose who I am as a person

I try to hold onto my dried up heart

But you have already gotten so blurry

I can't see it

Just don't blame it on me  
It's not my fault but ours  
You only blame me, I tell you it's not like that  
But you cover your ears and you won't listen

I'm sick of it now, gonna lay it all down  
Fade away, away away, away away  
It's over now, I don't wanna see you again  
Fade away, away away, away away  
There's no way

I try to change myself for you  
I try to hold it in  
But you keep getting mad at me  
Every chance you get, you doubt me  
You trample on me till I disappear  
I can't do this no more

I try to hold onto my dried up heart  
But you have already gotten so blurry  
I can't see it

Just don't blame it on me  
It's not my fault but ours  
You only blame me, I tell you it's not like that  
But you cover your ears and you won't listen

I'm sick of it now, gonna lay it all down  
Fade away, away away, away away  
It's over now, I don't wanna see you again  
Fade away, away away, away away  
There's no way

I'm sick of it now, gonna lay it all down  
Fade away  
No way, no way, no way  
It's over now, I don't wanna see you again  
Fade away  
No way, no way, no way
