The moment she looked at me, I was hooked
In my heart, a flower called her, bloomed
Like a habit, (I said that) girls these days (don't interest me)
But (she fixed) that habit (for me)

The left side of my heart that was silent for a while
Must've been pretty surprised because the volume was turned up
Suddenly, (she softly) comes to me (and the moment)
She talked to me, it felt like I was going to explode (what to do)

It seems like she's interested too
It seems like she has more things to say to me
But this moment passes, if she passes me by
It feels like it will never come back,
I can't let go of this chance

Oh oh oh oh, please make some time for me
I have a lot of things to tell you
I want to know you babe
Oh oh oh oh, make some time for me however you can
If it's not today, I can't hold it in anymore

Any(one) can see (and) say you're so (pretty)
I like (that) I can tell the (difference)
Between your (front) and back
Then she started to talk to me
In front of me
I wish this would continue
I would have no other wish if she hoped for the same too

It seems like she's definitely interested
It seems like she has a little more to say to me
But this moment passes, if she passes me by
It feels like it will never come back,
I can't let go of this chance

Oh oh oh oh, please make some time for me
I have a lot of things to tell you
I want to know you babe
Oh oh oh oh, make some time for me however you can
If it's not today, I can't hold it in anymore

Are you free tonight

I will get your answer somehow,
I will make plans tonight

I will make you like me more,
I will hold your hand
So that tomorrow, you will be mine,
So that everything of yours will be mine
I will make you nod your head right now,
I will hear you say OK

Oh oh oh oh, please make some time for me
I have a lot of things to tell you
I want to know you babe
Oh oh oh oh, make some time for me however you can
If it's not today, I can't hold it in anymore
