JJ Wilde

Caught red handed in your lies
The web your spinings getting tight
You tried to pull me into it
But I'm not biting
Funny, how you look confused like all this shit is new to you
You run your mouth it gets around no you can't hide it

Cause I don't really have the time to waste
And I don't care about you away

Why you gotta be so
Your so toxic
When you talk shit
You run your mouth around like I'm not gonna hear it
Your such an addict
You gotta have it
(Why you talk that shit)
Does it make you feel bigger
Like your a winner
But your always gonna lose when your bitter
What goes around comes back around babe
Why you talk that shit
Why you being so toxic

Don't you have something better to do
Damn I just feel bad for you
Your life is boring you cant ignore it so don't hate me for it
Cause I don't really have the time to waste
And I don't care about you anyways
So if you got something else to say
Say it to my face

Your so toxic
When you talk shit
You run your mouth around like I'm not gonna hear it
Your such an addict
You gotta have it
(Why you talk that shit)
Does it make you feel bigger
Like your a winner
But your always gonna lose when your bitter
What goes around comes back around babe
Why you talk that shit
Why you being so toxic

My friend said that your friend said that you said something bout me
I'm so sorry you've got all these insecurities

Your so toxic
When you talk shit
You run your mouth around like I'm not gonna hear it
Your such an addict
You gotta have it
(Why you talk that shit)
Does it make you feel bigger
Like your a winner
But your always gonna lose when your bitter

What goes around comes back around babe
Why you talk that shit
Why you being so toxic
