Not Like You

JJ72

Wrap me up in confidence
Break it down when it suits you
Always separate
No matter what happens

Always needing more
Never content
That's me no capacity
For complete generosity

Not like you
Possibly
Please love me
Sincerely

Claim you believe it's true
Story could have confused you
Maybe I was wrong
Maybe you were strong

Take it out on me
I will fight with thee
Because I need things to
Go wrong when they are right

Not like you
Possibly
Please love me
Sincerely

Wrap me up in confidence
Break it down when it suits you
Always separate
No matter what happens

Always needing more
Never content
That's me no capacity
For complete generosity

Not like you
Possibly
Please love me
Sincerely
