I wanna love in 3D
I'm gonna turn you on just like a tv
I'll have your body moving till your popping of the screen
I'll make your whole world transform in 3D

You turn of the lights getting ready for the show
The look in your eyes telling me you wanna go
Just let the music just let the music take control
Usually love is nothing more than digital
We'll turn it around and take it 3dimensional
Into the future into the future still unknown

So put your hands in the air
And feel the place come to life
Let me hear you say yeah
Wanna do it times 3 tonight

I wanna love in 3D
I'm gonna turn you on just like a tv
I'll have your body moving till your popping of the screen
I'll make your whole world transform in 3D

I wanna love in 3D
I'm gonna turn you on just like a tv
I'll have your body moving till your popping of the screen
I'll make your whole world transform in 3D

1,2,3D come along with me
3,3,3D forget reality
1,2,3D come along with me
3,3,3D forget reality

Colours are flying red yellow blue and the green
Its like we jumped out the pages of a magazine
Into the matrix we're gonna take this come with me

So put your hands int the air
And feel the place come to life
Let me hear you say yeah
Wanna do it times 3 tonight
