JME

I get deep on the dubs  
Vocals never sound weak on the dubs  
Man say they wanna hear me dubs on the dubs  
I can spit fast like D Doubs on the dubs  
My dubs are deep like this is mums on the dubs  
Your dubs are cheap like paying subs on the dubs  
Hear my voice in the clubs on the dubs  
Show em like a guy called Pub on the dubs

I can't explain what I think when I drink  
Might say "I love you" to a link when I drink  
Might vomit in the sink when I drink  
Chew gum so my breath don't stink when I drink  
The ladies think that I ain't stink when I drink  
Cause I move cold like an ice rink when I drink  
I spend more than a pink's when I drink  
Can't make a big stack of money shrink

It gets peak on the streets  
Us man never look weak on the streets  
Man say they can't see me on the streets  
In the X6, not an X3 on the streets  
I keep it G like Prez T on the streets  
I'm out for P like OG'z on the streets  
Raw like a cat for the P on the streets  
Pray that you never see me on the streets

Shorty, my face is bait in the ends  
Man move bent, not straight in the ends  
Could've been Batman with a cape in the ends  
Being the badman is late in your ends  
And the ends won't love if you fake in the ends  
Everybody wants a slice of the cake in the ends  
Careful how you pick your mates in the ends  
And we'll bust your head like grapes in the ends

I make dough on the roads  
Fully grown like Frisco on the roads  
See Jme or Joe on the roads  
Shooting, but not a video on the roads  
You're nobody, like John Doe on the roads  
I run the roads live, I go on the roads  
No snitching is the code of the roads  
Don't act like you ain't been told on the roads

Frisco, yeah, I'm a beast in a judgement  
You don't wanna buck up with me in a judgement  
Anytime I might creep in a judgement  
Trust me, it could get peak in a judgement  
In a judgement, get lost in a judgement  
Dun know, it's more than a lot in a judgement  
Don't buck up in a judgement war  
Cause you will get more judgement than a judgement

I get paid in the rave  
With Junior and James in the rave  
Most of the man dem blaze in the rave

In the crowd or onstage in the rave  
I done the rave with 18 in the rave  
A gun will make it unsafe in the rave  
Buss up the mic and cave in the rave  
And my Boy Better Know team bait in the rave

Boy Better Know I'm the ting in my life  
Always got a big grin in my life  
Music is the main thing in my life  
Yeah, I'm Charlie Sheen, I win in my life  
These youts ain't been where I've been with my life  
They try take my life, put a knife in my life  
Pain and strife in my life  
But God's always on my side

I don't give a damn when I skank  
You would've thought that I drank when I skank  
I don't even know who I am when I skank  
Buss moves that I didn't know I had when I skank  
I'm a woop swag, brang-dang-dang when I skank  
Man are coming like the [?] gang when I skank  
If you don't join and skank when I skank  
Then Boy Better Know, just jam
