

# Flippin' Hell

JME

Wait, ahh, shit  
Um (yeah)  
Big man, Jme, badboy tune, yeah?  
Shut ya mout

People know my face  
People know my boat  
Yeah, I know I'm bait  
My clothes, everybody knows  
If you see me on road  
You're like flipping hell  
(Shut your mout)

My name's J-A-Y-E  
E-double-M, E-I-G-H  
I roll with Skepta, Wiley, Prez T and them  
Bossman, Big H and Pablo  
We move wisely, breeze through the ends  
Through every gate  
Trust me, ask God almighty  
He'll tell you to shut your mout  
It's J-A-M-I-E, yeah, me again  
You know my face  
Do I have to spell my name politely  
Again and again for you to know my name?  
Yeah, my name's J-M-E, I'm here to make them Ps  
Don't believe? Wait and see  
I flash them Ps in your face (shut your mout)

Blud, people know my face  
People know my boat  
Yeah, I know I'm bait  
My clothes, everybody knows  
If you see me on road  
You're like flipping hell  
Blud, I'm only here to make Ps  
And I'll flip in hell

How many more people are gonna tell me  
That Jme's not repping the ends?  
Shut your mout, you dick, speng  
I was representing in Year 10  
Wynchmore uniform, Heat FM  
So I don't wanna hear no bullshit again  
I live on the north of the LDN  
But I represent north and south of the Thames  
And the left to the right  
Blud, I represent anybody that has lived the street life  
So no one chat to me  
Cause before I MCed, no one used to chat to me  
But now you think you're a real goon  
You ain't even made one real tune  
Shut your mout, stop lying to me  
I don't know who you're trying to be

Blud, people know my face  
People know my boat

Yeah, I know I'm bait  
My clothes, everybody knows  
If you see me on road  
You're like flipping hell  
Blud, I'm only here to make Ps  
And I'll flip in hell

Rudeboy rules don't apply to me  
When I come around, you say hi to me  
But when you're with your bredrins, all of a sudden  
Act silently  
You prick, snake, chief  
I hate guys that can't decide which guy to beat  
If you don't like me, don't chat to me  
Air me when you see me, actually  
If you don't like me, make it clear, blud  
Cause I don't wanna sit here  
And chat while you act like you're sharing interest  
Yeah, but really you didn't care  
You're a fucking likkle batty, lick a dick a day  
Trippy little fassy, fucking likkle gay  
Fucking likkle batty, lick a dick a day  
Shut your mout

Jme, yeah, Jme  
Boy Better Know, Boy Better Know  
Shut your mout, derkhead, poomplex  
J-A-M-I-  
Shut your mout
