JME

I'm a ghetto superstar  
I've loved music since I was three  
I was brought up in England slums  
So you definitely can't take the hood from me, trust me  
I'm used to coming home late after school, puffing  
Listening to Roll Deep tapes on my wall, it's nothing  
Now I've made the tapes become real life cause  
If there's a Roll Deep rave, I'm inside, bruv  
Don't watch that guy in the corner looking at my face  
I know the bouncers get me and I've got my shank in my waist

Ghetto superstar  
Ghetto superstar (I'm a ghetto superstar)

I'm getting older now, but I'm still advanced for my age  
And I think it's about time that I am the star on that stage, I swear  
Last week, I did a video shoot with Scorchers and T, yeah  
Green screen, when it comes out, look hard and you'll see me there  
But I don't wanna be that extra person in the vid  
I'm a superstar, book me and pay me 500 quid, straight  
I wanna roll round in a tinted limousine  
Right now, gotta settle with the tinted screen  
Of my Punto, no qualms, it's all good though  
Cause I'm repping my ends and all the mandem from the hood know  
You can't come round here, I'm an MC  
But don't get it twisted, I will still kill like 50

Ghetto superstar  
Ghetto superstar (I'm a ghetto superstar)

Blud, I'm a ghetto superstar  
I do music but I'm still street  
That's how I roll, I've got a chaps, chain, phone, dough  
And all of the mandem know I'm on show  
Look who's in my ends  
It's that prick from the Roll Deep rave  
With my blade, he's gonna get  
More than a quick close shave  
Now I've done the crime  
I've gotta face the court case  
Oh my days, not even I  
Knew it would be this grave  
The court case ain't looking too good  
Right now I wanna die  
Rah, mum, don't cry  
You know why?

I'm a ghetto superstar  
Ghetto superstar (I'm a ghetto superstar)

So now I'm locked up  
And it's a joke cause I don't care  
Watch, I'm counting down the days  
Till I get out of here  
Then I'm a write lyrics about it  
Like Ghetto did  
So all them other kids

Can be like me
