

Grime

JME

Serious
G-R-I-M-E
Prince of Grime
Let's go

What do you call it? Drill?
Fam this ones called Grime
What do you call it? Trap?
Nah, I call it Grime
What do you call it? Urban?
Hell no, I call it Grime
What do you call it fam?
I fucking call it Grime

When I touch stage better know that's Grime
I was in the papers doing up Grime
Shutdown Glastonbury, I did Grime
This ain't a rap song, no it's Grime
I'm gonna put mum in a yard and when I do
Know that it's all from Grime
When I do this ting fam it's Grime
Told them I am the Prince of Grime

Stop calling me bro
We don't have the same Mum or Dad
You look like you got rushed in school
Then left school and started talking bad
Mad, so don't be talking back
I'm not a man for idle chit-chat
Bruddas on their ones are too scared to scheme
But when their with two man, start act bad
So bring you whole team, I take off heads off
Boom boom bang, red dot
Hit your Suicide Squad with a Deadshot
Then I put the Grime scene in a headlock
Again
I said I am the Prince of Grime and man try riot
Said I made 100 bags at 19, looked 'round the same people all went quiet

Mandem be constantly telling me that man I'm going in
I tell 'em when I'm going in, I go in and I stay there
So I drop another lyric, they said I'm a loser, I told them I'm in it to win
it
My brudda don't say there's a limit
Or I treat a brudda like a zoot, I bun him and bill it
You want a lyric, send an invoice then the riddim, i'll kill it
You want a verse for a bag, best be adding a digit, get with it
And they told me I wouldn't get paid off Grime?

What do you call it? Drill?
Fam this ones called Grime
What do you call it? Trap?
Nah, I call it Grime
What do you call it? Urban?
Hell no, I call it Grime
What do you call it fam?
I fucking call it Grime

Trust, man's royal in this ting
GBH if you touch my skin
TBH when its onsite, that's right, let me touch mic and buss my ting
Don't bring a knife to a gunfight, I will bring a mic and man will just sque
eze and spin
Lick a mans head clean off sight, if I misfire they will still get a decent
trim
They're tired, I'm holding it up
The torch on fire, man's holding it up
You're at the back of the queue shouting, yo it's my time
But I'm holding it up
Manamans done books, merch, performance and cinema
Instead of bringing man down, they should be fucking proud of the mandem ya
na
Serious, yo see the yard that I'm living in, Grime
See the whip, take it for a spin, Grime
See the supporters queuing up around the block, still got an hour to get in,
Grime
Been here for time, you wont realise 'cause the wrist don't shine
Three generations of my family living stress free right now, that's because
of

What do you call it? Drill?
Fam this ones called Grime
What do you call it? Trap?
Nah, I call it Grime
What do you call it? Urban?
Hell no, I call it Grime
