

## Test Me

JME

Test me? Can't test me  
None of them man can't test me, can't test me  
None of them man can't test me  
I said a double negative, can't test me  
None of them man can't test me, can't test me  
None of them man can test me  
I said a triple negative, can't test me  
I said none of them man can test me

I've got new tees with no vowels like Drake  
Man are gassed when they see me, I'm like "mate"  
I understand my face is bait  
Drive too close behind me, I might brake  
Man wanna take pictures of my face  
Man wanna take pictures of my plate  
Man wanna take pictures so bad  
I press the brake and get a whiplash claim  
Man must think that I'm a celeb  
Cause the whip cost an arm and a leg  
But no, I make grime on the regs  
And I saved for a year to buy one of them  
You've seen my black face on your TV screen  
So you keep thinking this shit's easy  
Try copy me fam, you'll see  
That nobody wants your shit CD

Do I wanna spit a bar? Yes please  
I said do I wanna spit a bar? Yes please  
And I still spit on the best beats  
You don't like it? Suck on these testes  
Boy dem still ain't arrest me  
But they're onto me like the king chess piece  
None of their lies impress me  
And none of them guys can test me

They can't test me, test me  
None of them man can test me  
None of them man can test me  
None of them man can test me

I've got a roadman jacket from Nasir Mazhar  
Designed with Joseph Adenuga  
I zip my hood up when I'm driving my car  
If I see a [?] like rah  
Yo Jme, big fan, quick pic?  
I be like nah fam, don't chat shit  
You better show me your phone  
Best have one of my tunes there, or at least a ringtone  
Don't try take man for Eiffel Tower  
Don't try take man for no Big Ben  
Man wanna bred me to show their friends  
Don't try take me for a JPEG  
Unless you got me on the MP3  
Just say wah gwan when you see me  
I'm on point still, keeping it real  
You feel what I'm saying cause I say what I feel

Hold tight the people who leave grime and think you're gonna achieve something. It don't work, I tried it way before all of you. Bye
