JMIN

Aye, yuh yuh
Aye, aye, yuh yuh
Dee B got that heat
Aye, aye

All these bitches on my dick cause they see I'm coming up now
Never trust a hoe, stay with my bros just from the start, yeah
Never went to school cause I was busy flippin' work, yeah
Never love a bitch, I had to break so many hearts, yeah
No wait, no wait, top down and we finna spray
Count up, count up, yeah we gettin' to the cake
Speed up, speed up, never got my foot on brake
Boss up, boss up, on my mama this my fate

When I'm zoomin' and I'm booted up I'm riding in the night
I just hit 150 on the dash and skrt, I'm out of sight
I got Sandwich and Lil Cheo with me yeah we gon' take flight
I be shining like a star now you can't see me I'm too bright
All my brothers pouring fours we gotta double cup the Sprite
I just promised all my family that we gon' be alright, yeah
We coming like troops, yeah
I hop out that coupe, skrt
Your bitch I might swoop her, ay
Your bitch she a bird, chirp
I'm lovin' the Bentley just put my own tune in and I'mma just get me some cake
I'm rollin' that spark and I'm ridin' around just took a backwood to the face
They hated on me and doubted on me, but bitch I be back in the wraith
I'm tired of wearing the same old clothes and soon I'll be fitted in Bape

All these bitches on my dick cause they see I'm coming up now
Never trust a hoe, stay with my bros just from the start, yeah
Never went to school cause I was busy flippin' work, yeah
Never love a bitch, I had to break so many hearts, yeah
No wait, no wait, top down and we finna spray
Count up, count up, yeah we gettin' to the cake
Speed up, speed up, never got my foot on brake
Boss up, boss up, on my mama this my fate
