You ain't really gotta say much  
When you come through  
You ain't really gotta say much  
When you come on through  
I know what's on your mind  
Let's waste no time (Waste no time)  
I'm tryna do you right (Do you right)  
Let me just break that spine  
I could show you thousand ways, baby (Thousand ways, baby)  
How I'ma make you feel tonight, baby (How I'ma make you feel)  
Just tell me the move and I'm on the move, shawty  
Know you gotta man but come on through, shawty, yeah

You ain't gotta say too much, nah  
All you gotta do is come through (Come through)  
Just tell me, what's the move, my girl?  
And you know, I'll slide through tonight (Yeah, yeah)  
She say, she goin' out tonight  
But I ain't trippin' 'bout it (Ain't trippin' 'bout it)

You can tease me, fill me up  
New body, gotta show it off (Show it off)  
Now, put that pussy on my face so I can taste  
Just fuck what others say  
Know you dealt with some lames  
But now, you're with your man  
Let me know what you're into, let's take it all the way  
Yeah, this shit be like tennis, back and forth on me (Oh, yeah)

It be like volleyball, hit a spike on me (Oh, yeah)  
It's like I'm down to go wherever you say go (Yeah, yeah)
