

Confession

JMIN

Mm, ooh-ooh, ooh-ooh, mm
Mm, ooh-ooh
Yeah

Tell me, what it is and what you want
I need your touch, I need your company, yeah
Tell me, what's the move and what you on
I tried but no I can't replace you, you
I'll pick you up right for the summer
I'll take you wherever you wanna
My baby, she know she a stunna
She always gon' keep it a hunna
Tell me, what it is and what you want
Don't make no plans 'cause you gon' be with me, yeah

I thought you the one but thinkin' again
Maybe I was just trippin'
I been on this tour I'm doin' these shows
But I feel like something's missin'
I'm up in this penthouse, I'm rollin' this dope
But I feel my soul been sinkin'
Yeah, I'm the stage right now
I'll call you back so wait for me
I know you hate it when you hear my name
But I know you miss it when I say your name
You say you don't miss me, that's cap
You say you don't love me, that's cap
I know you gon' miss me when I'm gone
I know you gon' miss it when you hear this song, yeah
Gotta confession, you is impressive
But I got good intentions and I'm possessive, I get aggressive
Only be smokin' the best shit
These hoes, they gon' mention my name
Just keep my name outta your mouth
Ain't fuckin' with these other girls
They go around fuckin' for clout

Tell me, what it is and what you want
I need your touch, I need your company, yeah
Tell me, what's the move and what you on
I tried but no I can't replace you, you
I'll pick you up right for the summer
I'll take you wherever you wanna
My baby, she know she a stunna
She always gon' keep it a hunna
Tell me, what it is and what you want
Don't make no plans 'cause you gon' be with me, yeah
