With the gang, smoking up in Malibu  
With lil bae, eating good I know boo  
In LA, in the coupe it's brand new  
With the gang, said with the gang

And we smoking all the time yeah you might just fade away  
I've been going through these phases yeah you might just feel some way  
Some way, yeah  
Some way  
Some way, yeah  
Some way (yeah)

No more bad days, riding in LA  
Go pick up lil bae, only in gourmet  
Feels so right, swimming like coupe  
No worrying about nothing  
Your girl just wanna come with me  
Wanna ride with me and get high with me  
Cause she won't be just mine  
I don't got no time  
She know that I'm about it, yeah  
They used to just doubt it, yeah

Saw pull up in a new droptop  
Switch lanes zoom zoom  
Like now you ain't catchin' up  
Started from another with my brothers  
New drip, new ice  
So now we flexing now  
And now they wishing that they ain't never switch up  
My pockets they got bigger  
I just want me 6 figures (yeah, yeah)
