

So Bad

JMIN

'Cause I need you so bad
And I miss you so bad
'Cause I need you so bad
And I miss you so bad

Just tell me what you want
Just tell me what you need
You know that I'm a pull-up on you
That's a guarantee
Let me show you what you want
Let me give you what you need
You ain't gotta speak just
Put your body right on me

Just put your body put your problems
Put it all on me
I noticed that you lookin' stressed
You need some company
I need you two-four-seven, three-six-five, and all the time
'Cause you just stay up on my mind
I can't get you out my mind
Late night I just need you now
Miss your voice I'm tryna hear it now
Front back can't ever quit
Let me switch positions
Let me work that shit
'Cause tell me all the time
Tell me that you're mine
I just wanna lay next to you

Late at night, you the one I want up in my bed
Miss you bad, miss you bad can you understand
'Cause I cannot give you up
Let me make it up
This typa love, yeah, I can't get enough

'Cause I need you so bad
And I miss you so bad
'Cause I need you so bad
And I miss you so bad

Just tell me what you want
Just tell me what you need
You know that I'm a pull-up on you
That's a guarantee
Let me show you what you want
Let me give you what you need
You ain't gotta speak just
Put your body right on me

Girl, let me bring you right down
You got me trippin'
I'm just spinnin' right round, oh, no
Well, if that ain't enough
I'll say it once
I think I'm in love
Or is it love?

Wait, let me take that back
I feel the tension in us risin'
You know what you want
Baby, I'll just play that game, yeah
Anything to be with you
With you
It's true, oh, no
Just show me what you made of
Let's just get on with the vibe we been on
She hold it down never seen this before
Please, you just wanna
However, you wanna
Twenty-four hours, seven days

'Cause I need you so bad
And I miss you so bad
'Cause I need you so bad
And I miss you so bad

Just tell me what you want
Just tell me what you need
You know that I'm a pull-up on you
That's a guarantee
Let me show you what you want
Let me give you what you need
You ain't gotta speak just put
Your body right on me
