

Time Flies

JMIN

I was trappin' flippin' work
Said I ain't shit cause I dropped out of school
4G autos on a coupe
Diamonds they wet yeah, they just like a pool
I put my heart in this shit
Never look back yeah, I'm never gon' quit
Bitch I'm the power of this battleship
Climbed to the top and I'm not gonna slip
Crazy how times flies by, crazy how time flies by
Crazy how times flies by, crazy how time flies by
Turned nothing to something so now I'mma stunt on you (on you)
You said I couldn't do it so now I'mma flex on you (on you)

Crazy how time flies by
Last year she showed love (no, no)
Crazy how time flies by
Same bitch now she wanna fuck (yeah, yeah)
Sippin' wock I'mma wockstar
Getting money like a popstar
Got them screaming I'm a rockstar
Skrt off in a brand new Jaguar
I'm on my check, die for respect
He was a pass, lil' bitch
Hop in a jet, you ain't a threat, I need that neck lil' bitch
12 on my back, I'mma takeoff like a Nascar
Bad lil' bitch wanna ride me like a fast car
She said she like my drip
I be dripped up like a popstar
Remember back then I used to trap in the backyard

I was trappin' flippin' work
Said I ain't shit cause I dropped out of school
4G autos on a coupe
Diamonds they wet yeah, they just like a pool
I put my heart in this shit
Never look back yeah, I'm never gon' quit
Bitch I'm the power of this battleship
Climbed to the top and I'm not gonna slip
Crazy how times flies by, crazy how time flies by
Crazy how times flies by, crazy how time flies by
Turned nothing to something so now I'mma stunt on you (on you)
You said I couldn't do it so now I'mma flex on you (on you)

They ain't ever fucked with me
Said I couldn't do it I'mma live what I dream
Said she a fan of me, I can tell by the way she grab my jeans
Loyalty in my Gs
Hood lil' bitch, I'mma turn her to a queen
I dream big things, came from nothing
Turned that nothing into something
Turned these twenties into fifties
I be the man in my city
I got the water like misty
Fuck around juju might catch a lil' body
Double Gs on me when I really walk through
Came to this money just like I'm supposed to
All the doubts and the pressure I had to push through

Said I couldn't do it now I'm stuntin' on you

I was trappin' flippin' work

Said I ain't shit cause I dropped out of school

4G autos on a coupe

Diamonds they wet yeah, they just like a pool

I put my heart in this shit

Never look back yeah, I'm never gon' quit

Bitch I'm the power of this battleship

Climbed to the top and I'm not gonna slip

Crazy how times flies by, crazy how time flies by

Crazy how times flies by, crazy how time flies by

Turned nothing to something so now I'mma stunt on you (on you)

You said I couldn't do it so now I'mma flex on you (on you)
