Why you so shallow?
'Think that you're better than me?
Paper thin and hollow
Some kind of celebrity
Why you chasin' shadows
When you could be my main squeeze?
We could both meet up and wallow
In all of our self pity

Scared straight
God sakes
My mistake

Put some shovels in a rental car
Music to drown out the screams
Dig a hole in the backyard
Make sure it's 7 feet deep
Fill it up with pop stars
Throw in the good bad seeds
Call up all their co-stars
Make 'em play hide and go seek

Scared straight
For god sakes
My mistake
