Inferno

'Cause girl you light my fire
And I have to say
I take it personal
Don't play with my desire
You know it goes both ways
(Yeah, yeah, come on, yeah)

Temperature's rising
The walls start to sweat, yeah yeah
Just ring everything out
And we can do it again, yeah, oh

I feel it burning it up (it's burning me up)
It's too much with all this build-up (you know it's too much)
My insides get so stirred up (it's burning me up and)
Just watching your body light up (now and all up, 'round, light it up)

Inferno

'Cause girl you light my fire
And I have to say (girl you light my fire)
I take it personal
Don't play with my desire (girl don't play, so don't play with my desire)
You know it goes both ways
(Yeah, come on, inferno)

The heat you're supplying
Is getting me wet, is getting me wet
My heartbeat is climbing, my heartbeat is climbing
And the rules start to bend, and the rules start to bend, oh yeah

I feel it burning it up (it's burning me up)
It's too much with all this build-up (you know it's too much)
My insides get so stirred up (I'm so stirred up)
Just watching your body light up (and now, and all around, just light it up)

Inferno (inferno)

'Cause girl you light my fire
And I have to say (girl you light my fire)
I take it personal (girl I take it personal)
Don't play with my desire (girl don't play with my desire)
You know it goes both ways
(Yeah, yeah, inferno, oh yeah)

I-N-F-E-R-N-O Inferno

I-N-F-E-R-N-O Inferno (do it again, do it again)
I-N-F-E-R-N-O Inferno (so you're making me sweat)
I-N-F-E-R-N-O Inferno (do it, do it again)
Woah
Woah, yeah
Come on baby, light it up

Inferno (inferno)

'Cause girl you light my fire
And I have to say (girl I have to say)
I take it personal
Don't play with my desire

You know it goes both ways (Girl, don't play with my desire)
Yeah, yeah
