Love 2 U

JMSN

You know the sun's risin'
Our batteries dyin'
We both should be rational
But that ain't happen yet
Our energies flyin'
So we both just keep ridin' it out
It just feels so practical
It's natural and free

I wanna make love to you, sweet darlin'
Deal with the mess we made in the mornin'
And all of our inhibitions dissolvin'
'Cause right now it's you and me in perfect symmetry

I just wanna feel you
I just wanna touch you
I just wanna sweat with you
I wanna feel you breath
I don't wanna force you
I want you to want it too
I just wanna taste you
I know it tastes so sweet

I wanna make love to you, sweet darlin'
Deal with the mess we made in the mornin'
And all of our inhibitions dissolvin'
'Cause right now it's you and me in perfect symmetry
