I've done some stupid things but never have I ever
I'm done with everyone for thinkin' they know better
And even if I had one reason to be clever
I'd change my mind a hundred times and choose whatever

If not for you I'd be deep underground
If not for you I'd be floating around
If not for you
Oh, oh
If not for you
Woah, no, no, no, no
Not for you

I've done some stupid things but never have I ever
I'm done with everyone for thinkin' they know better
And even if I had one reason to be clever
I'd change my mind a hundred times and choose whatever

If not for you I'd be deep underground
If not for you I'd be floating around
If not for you
Oh, oh, oh, oh
If not for you
Woah, oh, oh, oh, oh
Not for you
