# Real Thing

**JMSN**

You know there's nothing like the real thing
'Cause you know there's nothing like the real thing
It's always got a little something
Yeah, come on, yeah, oh, yeah
Oh, yeah
Yeah, come on

So I've been wasting time on worldly pleasures
Forgetting what I really need, yeah, oh
Everyday just chasing gold and treasures
Till I got a flash of the truth

And it opened up my mind
Filled me up inside (filled me up inside)
Made me realize
What's been missing (made me realize what's been missing)
And it turned me upside down (turned me up)
Blew me right off the ground (off the ground)
Took me right back 'round to the beginning

'Cause you know there's nothing like the real thing (oh baby)
It's always got a little something (oh baby)
Close enough to get that feeling (feeling, yeah)
But you know there's nothing like the real thing (but you know)
You know there's nothing like the real thing (oh)

Said it's a lot to give up all I got to
But all I want don't come for free, yeah (oh)
And God only knows all of the brids that passed through
Till I got a flash of you (oh)

And it opened up my mind (opened up)
Filled me up inside (filled me up)
Made me realize
What's been missing (realize what's been missing)
And it turned me upside down (turned me upside down)
Blew me right off the ground (blew me right off the ground)
Took me right back 'round to the beginning (took me 'round to the beg
inning)

'Cause you know there's nothing like the real thing (nothing nothing
nothing)
It's always got a little something (it always got a little something)
Close enough to get that feeling (close enough much oh)
But you know there's nothing like the real thing (nothing nothing not
hing nothing, real thing)
'Cause nothing like the real thing (oh)
You know there's nothing like the real thing (oh)
You know there's nothing like the real thing (oh)
You know there's nothing like the real thing (like the real thing, oh
)
Like the real thing
