

## Sad Sack

JMSN

All my life  
I payed the price  
Rolled the dice  
But kept comin' up bone dry  
With bags under my eyes  
And a brain permanently fried  
I try to look alive  
But some things you just can't disguise

Maybe I deserve this  
For all the rotten things I've done

I'm just a sad sack  
I'm just a sad sack of bones  
Nothin' but a sad sack  
Yea, just leave me alone

Take me as I am  
See, I can't help it god made me a simple man  
You know I'm here to do whatever I can  
But I can't change the world with my bare hands

Oh, I believe that I deserve this  
From those rotten things I've done  
Oh oh oh

I'm just a sad sack  
I'm just a sad sack of bones  
Nothin' but a sad sack  
Yea, just leave me alone

I said, leave me alone  
Just leave me alone  
I deserve to be alone  
So, just leave me alone
