

Talk Is Cheap

JMSN

Everybody's got somethin' to say
But they ain't never shown me nothing
They all waste their time just stuntin' on me
Ain't nobody gonna get in my way
See I ain't got to cheat the system
I'm all good, I found my rhythm

So don't waste time tryna tell me
What you think I wanna hear oh baby

Talk is cheap
You got to show me it's real
Cuz I ain't got time to wait, no
I don't sleep
I think you know what the deal is
So don't you feed that stuff to me
Talk is cheap
Talk is cheap, yeah

Said ain't it funny, how you get on my case?
Pushing me beyond my limits
Talking about numbers and digits
So take your money and get outta my face
I'm focused, I got my vision
Go find someone, tryna listen

So don't you waste time tryna tell me
What you think I wanna hear oh baby

Talk is cheap
You got to show me it's real
Cuz I ain't got time to wait, no
I don't sleep
I think you know what the deal is
So don't you feed that stuff to me
Talk is cheap

Don't you know that talk is cheap
So don't you waste your time on me
I don't roll with wannabe's
Don't you know that talk is cheap
Talk is cheap

Don't you know that talk is cheap
Don't you waste your time on me
I don't roll with wannabe's
Don't you know that talk is cheap
Talk is cheap

Don't you know that talk is cheap
Don't you waste your time on me
I don't roll with wannabe's
Don't you know that talk is cheap, yeah

Don't you know that talk is cheap
Don't you waste your time on me
I don't roll with wannabe's

Don't you know that talk is cheap, yeah
