

Say Goodbye to Superman

Jo Dee Messina

I'm down on my knees, tryin' hard to find the answers;
And not for me, you know, it's for our little boy.
You see, his daddy was the hero of his life;
But me I can't forgive him, and go on livin' with the lies.
Lord, I need your help so that I can help him...

Say goodbye to Superman when he learns he couldn't fly.
Finds out he's just a man, who gave into his Kryptonite.
And when he sees his hero fall, will he know it's not his fault
?
Oh I pray some day he'll understand.
God help me find a way so he can say, say goodbye to Superman.

Where do I find the words to answer all his questions?
How can I tell him that his dad's not coming home?
I feel his heartbreak as he waits for his return.
There's some things in life a little boy should never learn.
God I need your help, so that I can help him...

Say goodbye to Superman when he learns he couldn't fly.
Finds out he's just a man, who gave into his Kryptonite.
And when he sees his hero fall, will he know it's not his fault
?
I'm prayin' that some day he'll understand.
Oh, God, help me find a way so he can say, say goodbye to Super
man.

Lord I need your strength to help me make it through;
'Cause the man who was his Superman, was my Superhero too

God help me!...

Say goodbye to Superman 'cause I learned he couldn't fly.
Found out he's just a man, who gave into his Kryptonite.
And when we see our hero fall, oh we know it's not our fault.
Prayin' that some day we'll understand...
Oh 'cause things don't always turn out like we planned.
Lord help me find a way so we can say, say goodbye to Superman
