

## Take It

Jo Dee Messina

Look at me, I'm swingin' from the chandelier  
Lately I'm a woman with no fear  
I'm breaking free from these chains  
From these chains that bind me  
Anything that ties me down

I have no explanation for the loss of hesitation  
That good reservation

I'm gonna take it, take it while I can  
Soak it in my bones and in my skin  
Just like it's never gonna end  
I'm gonna take, this is probably sweet  
Open up my arms to everything in front of me  
I'm gonna take it, yeah yeah

Look at this, I'm breakin' in my new skin  
I'm jumpin' in the deep end, I don't care where I land  
Cause it's all about the moment  
And knowing that you own it, it's in my hands

I have no inhibition cause I'm strong and on a mission  
Love in this condition

I'm gonna take it, take it while I can  
Soak it in my bones and in my skin  
Just like it's never gonna end  
I'm gonna take, this is probably sweet  
Open up my arms to everything in front of me  
I'm gonna take it, yeah yeah
