

Was That My Life

Jo Dee Messina

I don't want to be the one who's old before their time,
And lose the wonder that I felt as a child.
I can't run this race believing I might lose;
There's still so much to see, and so much left to do.
Yes, I'll fall before I fly,
But no one can say I never tried.

Oh, we just get one ride around the sun,
In this dream of time.
It goes so fast that one day we look back,
And we ask, was that my life?

I close my eyes and think how lucky I have been,
To hold the ones I love and share my dreams with them.
All those sunny days and all those starry skies
Good morning kisses and sweet good nights.
Oh, I can't tell them enough,
Just how much that they are loved.

We just get one ride around the sun,
In this dream of time.
It goes so fast that one day we look back,
And we ask, oh, was that my life?
Oh, was that my life rollin' on by?
Oh, rollin', rollin', rollin', rollin' on by.
Was that my life?
Oh, was that my life?
