

# ALL HOURS

J01

Yo, push the boundaries

"Do you hear pressure building?  
I can hear pressure building  
So just move it, move it, now  
I can handle this  
Let me prove it, prove it bruh  
I ain't gonna miss a shot

It's so perfect  
I welcome the pressure  
It's so thrillin'  
Cause it would make me a diamond

Wa-a-aw  
Crankin' it up to get, get into the zone just wait for it  
Hear your mind it's gettin' blown

I got a lasting fire in my heart 24/7  
Confidence level clearly off the charts

All hours

Bring it on all hours all the time  
Bringin' it on, bringin' it on, all hours

Bring it every hour every time  
Every time, every hour, bring it yeah yo

Feel from within all this power  
Cause I know that you got me covered

Bring it on all hours all the time  
Bringin' it on, bringin' it on, all hours

3... 2... 1... boom

I keep slayin' with the bass  
Elevatin' on this place  
Always up never down

Let's go get it, get it, now, drip is so unreal  
I can bet it, bet it, bruh change is closer than if feels

It's so perfect  
I welcome the pressure  
It's so thrillin'  
Cause it would make me a diamond

Wa-a-aw  
Crankin' it up to get, get into the zone just wait for it  
Hear your mind it's gettin' blown

Sweepin' the lasting fight against the odds 24/7  
Dominating the game is in my blood

All hours

Bring it on all hours all the time  
Bringin' it on, bringin' it on, all hours

Bring it every hour every time  
Every time, every hour, bring it yeah yo

Feel from within all this power  
Cause I know that you got me covered

Bring it on all hours all the time  
Bringin' it on, bringin' it on, all hours

Bring it on, bring it on  
Time is now, time is now

Bring it on, bring it on  
Time is now, time is now
