

Iki ga tsumari sō sa
Miugoki torenai yo
Going crazy
Kagayaku masterpiece
Sagasu one last piece
Kon'nanohajimete

Nagai nagai toki o
Zutto hitori samayotteta
Sabaku no naka oashisu
Yatto meguriaeta hikari
El Dorado, uh

I gotta go
Zenbu yudane tatte ī
The way to go
Gōru wa doko datte ī

Hiki tsuke hanasanai
Kimi no gravity
You are my star
You are my shining star

I'm star sailor
Hoshi no mabataki o koete
Futari

I'm star sailor
Kimi wa boku no mono
Eien ni zutto
My galaxy

Red alert shin'nyū-sha keihō
Dare mo konai yō ni naka kara sejō
Suso no yogore papatto hatake
Kimi daite hashiru chō mahhade

Ya no more party by myself
Ya terashite nē my savior
We up to sora mezashite ima
Hora treasure island

Haihai tabiji
Nando mayoi samayottarou
Kurai uchū no milky way
Demo meguriaeru to
Shinji aruita oh

I gotta go
Kagayaku sono emi de
The way to go
Motto hiki tsukete ite

Setsunai hodo itoshi yo gravity
You are my star
You are my shining star

I'm star sailor
Boku o kuruwaseru miwaku no hoshi
I'm star sailor
Sukoshizutsu kitto chikadzui teru
My galaxy

We're shining like
Zujō no starlight
Michi no basho mezashi
I just wanna make it right

Dōshitena no? feels lonely
Hitsuyōnara itsu demo
Baby just call me
You're my chosen one and only

I'm star sailor
Hoshi no mabataki o koete
Futari

I'm star sailor
Kimi wa boku no mono
Eien ni zutto (let's go)
