

Waiting For

Joakim Lundell

I can't quit you, I don't want to
I can't leave you, even if it's what you want to
If we could see eye to eye, I'll give it (I'll give it to you)
You don't know me, so I wanna try move closer
You move away, there's an ocean between us

So what are we waiting for?
I need, I need your answer (your answer)
So what are we waiting for?
I need, I need your answer

Baby won't you tell me
What are we waiting for?
What are we waiting for?
What are we, what are we
What are we waiting for?

(What are we, what are we waiting for?)

Speak to me, yeah, I want to, I want to
Know all the things you hide (know all the things you hide)
Baby, we say we need time
Just to know how it feels apart
But I know how it feels in the dark

So what are we waiting for?
I need, I need your answer (your answer)
So what are we waiting for?
I need, I need your answer

Baby won't you tell me
What are we waiting for?
What are we waiting for?
What are we, what are we
What are we waiting for?

So what are we waiting for?
I need, I need your answer
(What are you waiting for?)
(What are you waiting for?)
So what are we waiting for?
I need, I need your answer
(What are you waiting for?)
(What are you waiting for?)

(What are you waiting for?)
What are you waiting for?
What are you waiting for?
