

# Come Back To Me (If Only In Dreams)

Joan Armatrading

All I need is what you bring  
And what you have is all I need

Love will lift you up  
Love won't bring you down  
You're my fantasy  
I love your imagery

Blameless and free  
The love surrounding you and me  
If I had the chance again  
I would take you by the hand

I won't hesitate  
To ask you one more time  
And if you should decline  
I'll just keep on trying

Do as you please  
But always come back to me

Come back to me  
If only in dreams  
Come back to me  
If only in dreams  
Come back to me  
If only in dreams

Stay as perfect as you are  
You're the star that guides my hope

Love will lift you up  
Love won't bring you down

Come back to me  
If only in dreams  
Come back to me  
If only in dreams  
Come back to me  
If only in dreams

Come back to me  
If only in dreams  
Come back to me  
If only in dreams  
Come back to me  
If only in dreams
