

Only One

Joan Armatrading

I wanna be just where you are
I wanna take you
So far away with me

I wanna be your only one
I wanna be the one
You run to when you're down

I wanna be the one you love
I wanna be the only one
You want around

Make me feel good
Make me feel fine
Beautiful eyes
Promise of paradise

Make me feel good
Make me feel fine
Beautiful eyes
Promise of paradise

I wanna be just where you are
I wanna take you
So far away with me

I wanna be your only one
I wanna be the one
You run to when you're down

I wanna be the one you love
I wanna be the only one
You want around
